Professional Profile

Creative and purpose-driven Junior Front-End Developer with a background in financial consultancy. Skilled in HTML, CSS, JavaScript (ES6), responsive design, and API integration. Strong attention to detail with a focus on clean, accessible, and user-friendly web applications. Known for adaptability, fast learning, and clear communication.

Professional Objective

To join a tech team where I can grow as a Front-End Developer and contribute with clean, responsive, and user-focused web interfaces. I'm looking for a junior remote or hybrid position that values learning, collaboration, and code quality. I'm also open to contributing in supporting areas such as documentation, testing, or interface improvement.

Technical Skills

- Languages: JavaScript (ES6), HTML5, CSS3
- Frameworks & Libraries: React, Bootstrap, Moment.js
- Tools & Platforms: Git, GitHub, Netlify, Visual Studio Code
- APIs: REST APIs, Dictionary API, Pexels API
- Other: Responsive design, accessibility, semantic HTML, debugging

Selected Projects

Dictionary App – React, Bootstrap, API

GitHub: <https://github.com/Tania-Figueiredo/dictionary-react-project>

Live: <https://reactaddondictionary.netlify.app/>

- ▶ Built with React and Bootstrap. Integrated DictionaryAPI and Pexels API.
- ▶ Displays definitions, phonetics, synonyms, and related images.
- ▶ Designed with semantic HTML and responsive layout.

Weather App 2.0 – React, API

GitHub: <https://github.com/Tania-Figueiredo/weatherapp-react>

Live: <https://reactweatherappfreshstartdev.netlify.app/>

- ▶ Real-time weather app using API. Focused on reusable components, clean code, and UI clarity.

World Clock – JavaScript, HTML, CSS

GitHub: <https://github.com/Tania-Figueiredo/World-Clock-Project>

Live: <https://plusaddonworldclockproject.netlify.app/>

- ▶ Displays current time across cities. Built with real-time updates and transitions.

Imagine Dragons Tribute Page – Responsive Design

GitHub: https://github.com/Tania-Figueiredo/Responsive_add-on

Live: <https://imaginedragontribute.netlify.app/>

- ▶ Creative layout with fully responsive design. Developed during SheCodes Responsive Add-on.

Ask AI – JavaScript, AI Prompting

GitHub: <https://github.com/Tania-Figueiredo/AI-project>

Live: <https://plusaiproject.netlify.app/>

- ▶ AI-based prompt generator with clean interface and interactive logic.

Professional Experience

Team Leader – Credit & Insurance Broker

Rede Doutor Finanças, Fátima

Oct 2024 – Mar 2025

- ▶ Trained and led a team of credit consultants.
- ▶ Managed client relationships and negotiation with banks.
